

XXIV International Baldin Seminar on High Energy Physics Problems
"Relativistic Nuclear Physics and Quantum Chromodynamics"

XXIV International Baldin Seminar
on High Energy Physics Problems
Relativistic Nuclear Physics & Quantum Chromodynamics
September 17 - 22, 2018, Dubna, Russia

Contribution ID: 236

Type: **not specified**

MAGIC - how Matter's extreme phases can be revealed in gravitational wave observations and in relativistic heavy ion collision experiments

Wednesday, 19 September 2018 12:00 (30 minutes)

Presenter: Prof. STOECKER, Horst (FiAS)

Session Classification: Plenary
