Tier-1 in Kurchatov Institute: first months of operations during Run-2

Friday, 2 October 2015 14:20 (20 minutes)

An overview of Tier-1 operations during the beginning of LHC Run-2 will be presented. We will talk about three supported experiments, ALICE, ATLAS and LHCb: current status of resources and computing support, challenges, problems and solutions. Also we will give an overview of the wide-area networking situation and integration of our Tier-1 with regional Tier-2 centers.

Primary authors: ROGOVSKIY, Alexander (National Research Centre "Kurchatov Institute", Moscow); BEREZH-NAYA, Alexandra (National Research Centre "Kurchatov Institute", Moscow); RYABINKIN, Eygene (NRC "Kurchatov Institute"); TKACHENKO, Igor (NRC-KI); LYALIN, Ilya (National Research Centre (NRC "Kurchatov Institute")); Dr VELIKHOV, vasily (NRC "Kurchatov Institute")

Presenter: RYABINKIN, Eygene (NRC "Kurchatov Institute")

Session Classification: Workload Management Systems in Applied Research and BigData
