

# New Trends in High-Energy Physics

## Tuesday, 4 October 2016

**<font color="#ff4d00">MAIN SESSION</font>: Section "ADVANCES IN THEORETICAL PHYSICS" (16:20 - 17:50)**

-Conveners: Gennady Lykasov

time	[id] title	presenter
16:20	[62] Heavy quark physics and XYZ states in covariant quark model	Prof. IVANOV, Mikhail
16:50	[52] Rare decays of heavy mesons in covariant confined quark model.	LIPTAJ, Andrej
17:20	[79] How to differentiate function based on integration operation	Prof. AFANASIEV, Alexander Ms PUTILINA, Elena Prof. EMELIANOV, Stanislav
